

GSB TECHNOLOGY

Your source of ICT savings and advice

With proven experience in ICT strategy development and procurement, GSB will help you effectively manage technology assets to save you time, money and reduce your procurement risk.

GSB Technology's flexible, independent structure enables you to engage our ICT specialists and solutions in the most cost effective and efficient way, from design to disposal, according to your business needs.

Whether you require a traditional ICT reseller service or ICT procurement specialist advice, GSB Technology delivers both service options, supported by procurement due diligence that meets NZ Government Purchasing guidelines.

Call GSB Technology to help you to make informed decisions!

“GSB delivers the right technology at the right price”

GSB Technology specialists will help you with ICT procurement:

PEOPLE

Independent advice from ICT specialists

Category Experts	GSB delivers the right ICT solutions at the lowest cost and provides unbiased ROI, specification and evaluation assessment of your ICT needs.
Market Intelligence	GSB's team can efficiently assess a wide range of brand options using benchmarking tools, so you can make informed decisions.
Best Practice	GSB utilises a rigorous quality assurance process using best practice procurement guidelines

GROUP

Leveraged volume for vendor support

Group Purchasing	Get the best deals through pre-negotiated Group Purchasing Contracts with all major IT vendors.
Specialist Pricing	GSB delivers competitive pricing and quick quotations, plus specialist deals for education and not-for-profit sectors. Finance options available.
Collaborative Sourcing	GSB's market independence allows you to unbundle existing product and service agreements, giving you the freedom to choose the best product, price and service options.

TOOLS

Managed audit, source and order process

Analyse	Intelligent and comprehensive solutions to analyse your spending patterns including vendor & category profiling.
Source	End-to-end sourcing that provides secure, best practice tenders, RFx, auctions, evaluation and contract management tools online.
Purchase & Invoice	Increase efficiency, accuracy and productivity as well as achieve greater control over purchasing and suppliers with online catalogues, order-to-pay, electronic invoice matching & management as well as ERP/P2P integration.

ICT SHOP

Your one stop purchasing portal

User friendly	24/7 access and monitored by our team of ICT specialists.
Catalogue	Over 100,000 products catalogued and customisable to match your ICT environment and procurement rules.
'Personal Favourites'	Add and maintain your list of frequently used products.

Contact GSB for an ICT review today!
