How you benefit from using these contracts

- Leverage the buying power of 3,000 member organisations - GSB completes the tendering and evaluation process on your behalf so you get the best quality, range and value available.
- Access suppliers chosen for their reliability, quality products and competitive pricing.
- Reduce the number of invoices and processing time by consolidating your suppliers.
- Receive free reports from GSB on your total spend, which immediately identify and measure your cost savings.
- It's a simple process to get started - see the last page of this brochure for details.

A close-up photograph of a person wearing teal surgical scrubs and a white nitrile glove. The person is holding a yellow nitrile glove in their gloved hand. The background is slightly blurred, showing more of the person's scrubs and a white paper barrier.

USL guarantees to supply key clients with critical stock items in full, on time, in specification... or they'll supply the next order free of charge.

Since opening in 1984, USL Medical has become a dominant player in the Primary Healthcare market in New Zealand, supplying a wide range of products to healthcare professionals.
