

GSB PROFESSIONAL SERVICES

We help you get the job done!

Smart procurement practices will save you money, time and reduce your procurement risk.

GSB has a specialist procurement team that provides organisations with extra resources and tools to assist with their day-to-day procurement or one-off projects.

We offer a range of consultancy services including sourcing and tendering events, spend analysis, procurement and strategy reviews, as well as training and mentoring for internal staff.

Our flexible approach allows you to work with GSB in a way that best suits your business, make informed decisions, and deliver real value to your bottom line.

Call GSB to help you make smart procurement decisions!

"Our promise: Your business will save money".

GSB Services has a team of specialists that can help you in these areas:

PLAN Development & review of strategy & policy

Strategy Formation	Based on your organisation's business goals and objectives, GSB can help formalise and implement your procurement policies, including purchasing parameters, staff guidelines, training and infrastructure.
Category Reviews	GSB will work with you to create a robust procurement strategy and framework that works with your existing procurement practices and capabilities.
Sustainability	GSB implements sustainable procurement strategies that focus on the efficient use of resources - saving you money, enhancing your brand preference with customers, and minimising your organisation's environmental impact.
Market Intelligence	GSB can keep you updated on the latest international advances in procurement tools, training and technologies.

ANALYSE Proven analysis & benchmarking tools

Category Specialists	Our qualified procurement specialists come from a wide variety of backgrounds within the public and private sector, and have extensive expertise in purchasing and supply chain management.
Spend Analysis	GSB can analyse your operational spending patterns to help optimise processes, ensure constant compliance, leverage category spend, and identify additional contract opportunities.

SOURCE From RFx to assisted sourcing & negotiation

Tendering	GSB follows a comprehensive, best practice tender process. We can benchmark your tender results by drawing on our extensive Group Purchasing Contracts data.
Outsourcing	Acting as an extension of your organisation's procurement team, our specialists can assist with negotiations, contracts, managing competitive sourcing events and suppliers. This allows you to remain independent of the process and avoid taking on additional internal resources.
eToolkit	Use our world class eToolkit solutions - Analyse, Source, Purchase, and Invoice - to coordinate and control the entire supply management process.

Contact GSB for a risk free procurement policy review!
